

Aftermath

War Of Words

we must stand together in this time of need
we must show the world we're still the free
so we stand together in this time of need
we are the free

cause we all stand proud and strong
we all stand proud and strong
we all stand proud and free in nation 1
we all stand proud and strong

we can rebuild our monuments twice as high
we'll show the world the true meaning of an eye for an eye

cause it's our world

and we all stand proud and strong
