Take me to your place in space I'm simply tired of mad rage On rocket ship no time to wait I just want to gravitate

It's out of sight, it's out of sight It's out of sight, it's out of sight Gone, it's gone

It's out of sight, it's out of sight It's out of sight, it's out of sight Gone, it's gone

I'll take you out to see the place Where man and moon have a smilin' face, oh yeah You don't have to wear no fancy lace Just a funky feel and a lot of taste

It's out of sight, it's out of sight It's out of sight, it's out of sight It's gone, it's gone

It's out of sight, it's out of sight It's out of sight, it's out of sight Gone, it's gone

People movin' to and fro
To a song and a band and a laser show
Superman, Batman, goin' all night
Playin' one on one with a meteor light

It's out of sight, it's out of sight It's out of sight, it's out of sight It's gone, it's gone

It's out of sight, it's out of sight It's out of sight, it's out of sight Gone, it's gone, gone

Ninth dimension, seventh lane I'll get raised in solar cane The star patrol said keep it down, keep it down, keep it down Keep it down, keep it down, keep it down

As long as the rule when you stay in town As long as the rule where you stay around

Out of sight, it's out of sight
It's out of sight, it's out of sight
It's gone in the galaxy
It's gone at the galaxy

Out of sight, it's out of sight
It's out of sight, it's out of sight
It's gone in the galaxy
It's gone at the galaxy

Out of sight, it's out of sight
It's out of sight, it's out of sight
It's gone in the galaxy
It's gone at the galaxy
