

## Peace Sign

## War

It was a good day in their lay  
everybody was a rockin' have a good time  
Throwin' out a peace sign  
Throwin' out a peace sign  
Well I woke up took something special  
made me feel kinda crazy so I had to stop  
Take a look around  
Had to take a look around  
You know it felt kind of funny  
but it felt real good  
Everybody in the neighborhood  
smilin' lookin' good  
They had it goin' on  
You know they had it goin' on  
You know the sun was shinin'  
and it shined on me  
so I jumped on my Harley took a cruise  
Through the neighborhood  
Cruisin' through the neighbohood  
It was a good day in their lay  
everybody was a rockin' have a good time  
Throwin' out a peace sign  
Throwin' out a peace sign  
So we hit a 3 way mick  
took it booked on down town past the gym  
Moved to the east side  
to the east side  
On the east side low riders  
had it goin' on  
all the girls was smilin' in a special way  
it was a lovely day  
Such a lovely day  
So we cruised to the beach  
where the waves hit the shore  
people dancin' in the sand to a real live band  
They had it goin' on  
They had it goin' on  
It was a good day in their lay  
everybody was a rockin' have a good time  
Throwin' out a peace sign  
Throwin' out a peace sign  
So we cruised to the south side  
just to have a good time  
wasn't too long before we had it goin' on  
we was havin' fun  
all the brothers havin' a gun  
All the bloods and grifs had throwed away their gun  
they was too busy havin' fun  
Throwin' out a peace sign  
Throwin' out a peace sign  
Everybody that day had somethin' good to say  
It was so nice to see people be that way  
It was a special day  
It was a special day  
It was a good day in their lay  
everybody was a rockin' have a good time
