

# You Got The Power

War

You got the power  
To keep my fire a-burnin'  
You got the power  
To keep my wheels a-turnin'

You keep me hot, don't stop  
Give me what you got, oh yeah  
Turn on the juice, turn loose  
Ain't that no excuse, oh no, no, no

You got the power  
To keep my fire a-burnin'  
You got the power  
To keep my wheels a-turnin'

You put the strain on the brain  
Girl, I'm goin' insane, oh yeah  
You turn me out, make me shout  
What's it all about?  
Turn me out, make me shout

You got the power  
To keep my fire a-burnin'  
You got the power  
To keep my wheels a-turnin'

And now tonight hold me tight  
Feel like dynamite, oh yeah  
You make me sweat, soakin' wet  
Ain't through nothin' yet

You got the power  
To keep my fire a-burnin'  
You got the power  
To keep my wheels a-turnin'

I feel the rush when we touch  
Never get enough, oh no  
Save the best, don't go for less  
Got to make it last all night, all right

You got the power  
To keep my fire a-burnin'  
You got the power  
To keep my wheels a-turnin'

You got the power  
To keep my fire a-burnin'  
You got the power  
To keep my wheels a-turnin'

You got the power  
To keep my fire a-burnin'  
You got the power
