

Blown to Bits

Warfare

Ego trippers as sure as hell
Standing up until your fall
Hiding behind your pathetic lies
To be deceived until the day you die

I ain't gonna fall for that
Think you got me in your trip
Blown to bits in a state of shock
Inflated egos that'll never stop
Blown to bits

Now I ain't saying I'm so lazy
And you bet your ass I've really worked
Won't stagnate 'cos that just gets me down
At that rate I'd end up going beserk

I ain't gonna fall for that
Think you got me in your trip
Blown to bits in a state of shock
Inflated egos that'll never stop
Blown to bits
Blown to bits
Blown to bits

Blown to bits
Lookin' back I think I realise
What was in my head and your lying eyes
But you can't see so don't you itemise
I'm never gonna stop so don't you fantasise

I ain't gonna fall for that
Think you got me in your trip
Blown to bits in a state of shock
Inflated egos that'll never stop
Blown to bits
Blown to bits
Blown to bits
