

## Love Song

Warlock

Dreams of Xanadu  
Like a rainbow in the sky  
I will lead you to heaven  
Close your eyes just let me try

You will listen to my voice  
You will listen to my whisper

Sweet emotions fill my love song  
And it's only for you  
It's only for you

Every song I sing  
Is a love song for you !

This song I sing  
Is a love song for you !

A love song for you

How I cherish your touch  
Believe in you so much  
You're my island in the setting sun  
And the waves just drift along

How I feel for you  
I cannot forget you

It's not hard to understand me  
The way I show my love
