

## Time to Die

Warlock

Restless I close my eyes  
Can't sleep at all  
Think about my million lies  
And think about my life

When darkness takes over  
I believe in damnation  
Nobody knows my dreams  
My fears and all my pain

( Die in the night )  
I feel the pain tonight  
Blood in my eyes

Under the curse  
Under the bad curse of nightmares

Tonight it's time to die  
The shadows take me  
To the damned in the darkness  
Tonight it's time to die  
All my nightmares will come true

Into the darkness  
I'm falling with fear  
Unholy faces come near

I feel the pain tonight  
Blood in my eyes

Under the curse  
Under the bad curse of nightmares

Then I am discerning the face of death  
Who was always a good friend  
Kissing the death  
I'm bound to lose my senses  
I feel it's over now  
Surrendering to him  
It's over now
