

# Puppet

Warmen

You give a kid some candy  
He will always ask for more  
You give a man some power  
And off he goes to war

So many strings tightly attached  
He seems like he is lost  
He makes a fine new decision  
Whatever be the cost

I see images that cull  
Up on our deepest fears  
Just when all seems well  
The puppet appears

Chorus:  
Take me to silence  
I don't want to hear  
Bring me to blindness  
I don't need to see

(Keyboard Solo)

He'll pay no heed to his neighbour  
He'll pay the price to rule  
Only greed will bring him pleasure  
And make him king of fools

Chorus:  
Take me to silence  
I don't want to hear  
Bring me to blindness  
I don't need to see

(Guitar Solo)

Chorus:  
Take me to silence  
I don't want to hear  
Bring me to blindness  
I don't need to see
