

Puppet

Warmen

You give a kid some candy
He will always ask for more
You give a man some power
And off he goes to war

So many strings tightly attached
He seems like he is lost
He makes a fine new decision
Whatever be the cost

I see images that cull
Up on our deepest fears
Just when all seems well
The puppet appears

Chorus:
Take me to silence
I don't want to hear
Bring me to blindness
I don't need to see

(Keyboard Solo)

He'll pay no heed to his neighbour
He'll pay the price to rule
Only greed will bring him pleasure
And make him king of fools

Chorus:
Take me to silence
I don't want to hear
Bring me to blindness
I don't need to see

(Guitar Solo)

Chorus:
Take me to silence
I don't want to hear
Bring me to blindness
I don't need to see
