

## Don't Let Go

Warpaint

Don't let go  
I want you  
Don't let go  
I need you now  
Don't let go  
I want you  
Don't let go  
I need you now

I'm living  
As we're in love  
I'm living  
I'm living

Don't let go  
I want you  
Let me go  
I need you now  
Let go  
I want you  
Let me go  
I need you now

It's the end of us  
Because of what I've done  
What I've done  
Love is rushing to my head, I'm trying  
My best to make a little sense at least once

Please someone show me how  
Someone show me how...

To let go  
I want to  
Let you go  
I need to now  
Don't let go  
I want you  
Let me go  
I need you now

Please someone show me how...  
Someone show me how...  
Someone show me how...
