

Don't Let Go

Warpaint

Don't let go
I want you
Don't let go
I need you now
Don't let go
I want you
Don't let go
I need you now

I'm living
As we're in love
I'm living
I'm living

Don't let go
I want you
Let me go
I need you now
Let go
I want you
Let me go
I need you now

It's the end of us
Because of what I've done
What I've done
Love is rushing to my head, I'm trying
My best to make a little sense at least once

Please someone show me how
Someone show me how...

To let go
I want to
Let you go
I need to now
Don't let go
I want you
Let me go
I need you now

Please someone show me how...
Someone show me how...
Someone show me how...
