

# Don't Wanna

Warpaint

Why's this story got to follow the reason?  
Why's this story got to be about things that you know?  
We are down to hold you down  
There's something in the words you choose to live by  
But you know that it's the words that often hide you down  
Oh, we will not be defined

Don't wanna  
Don't wanna (define)  
Don't wanna define myself  
(Don't wanna define)  
Don't wanna  
Don't wanna  
(Define myself)  
Don't wanna  
Don't wanna (define)  
Don't wanna define myself  
(Don't wanna define)  
Don't wanna  
Don't wanna  
(Define myself)

What you know about this love, this love?  
Would you thought about all inside you now?  
That you only hold  
Turning corners like someone's gonna get you  
Take your shovel cause it's thinking it might beat you up, you up

Let's have it all, have it all with this  
Get it all, get it all with this  
Come out with this  
Come out with this  
Get it out

Don't wanna  
Don't wanna (define)  
Don't wanna define myself  
(Don't wanna define)  
Don't wanna  
Don't wanna define myself  
(Don't wanna define myself)  
Don't wanna  
Don't wanna (define)  
Don't wanna define myself  
(Don't wanna define)  
Don't wanna  
Don't wanna define myself  
(Don't wanna define myself)  
Don't wanna  
Don't wanna (define)  
Don't wanna define myself  
(Don't wanna define)  
Don't wanna  
Don't wanna define myself  
(Don't wanna define myself)
