

I could drive  
drive myself crazy  
but at this time  
I want to listen

I want to stay  
inside this visions  
I see them at the table  
we gotta go  
go off the wall

and fall  
to the other side

into that eye, into the storm  
into that eye, into the storm  
into that eye, into the storm  
into that eye, into the storm  
up in my eyes

sitting alone  
and waiting all by myself  
where all goes  
and I am not waiting  
for somebody else  
and I wanna believe it  
I want it, I need it

I guess when I looked at the truth  
I was surprised  
to find this feeling  
that I'm a lucky charm  
you shift me over

I'm a lucky charm  
I'm a lucky charm  
I'm a lucky charm  
I'm a lucky charm
