

Heads Up

Warpaint

My love
How've you been?
My love
Turn around
Put your head up
Then turn around
I'm not scared

I know, I know
I know why
I know, I know
I know why

You got me one way
Turn around
You remind me of our song
All brought up on my own
Take me other ways
You gotta be eyes up my [?]

I know, I know
I know why
I know, I know
I know why

And it's okay, it's okay, it's okay
And it's okay, it's okay, it's okay

Always, always
Always, always
Always, always
Always, always

Tell me you're not around
Been there asking you to feel alright
Always, always
Always down
I know, I know
I know why
And it's okay, it's okay, it's okay
And it's okay, it's okay, it's okay

Got to keep my mind at ease
Got to keep my head up
Got to keep my mind at ease
Got to keep my head up
