

Dusty's Revenge

Warrant

Her ride away into the shadow
You're the ride away with my revenge

Dusty'n death fill my teeth in my body and my soul
'Cause I wanna strew my bones
High up on the redge I will lay and wait
Can you feel me like you did twenty years ago and I?

Night calls me slowly and true
You better watch coming to you

Come on the ride
Ride until my sunset's gone
Come on the ride
Feel the anger coming on strong
Come on the ride
I won't stop, I won't drop
'Till I ride what's wrong with you

Guns and they by my side wanna feel your foolin' hold
As I hate since I wore my bones
Got you in my side I could pay your life
Can you feel me like you did twenty years ago in night?

Night calls me slowly and true
You better watch coming to you

Come on the ride
Ride until my sunset's gone
Come on the ride
Feel the anger coming on strong
Come on the ride
I won't stop, I won't drop
'Till I ride what's wrong with you

Found with full of life, why you left us for dead?
I was just a boy had in under my bed
I should die fall on tears and hate
Get my pay back revenge you help your way

Oh!

Come on the ride
Ride until my sunset's gone
Come on the ride
Feel the anger coming on strong
Come on the ride
I won't stop, I won't drop

Come on the ride
Ride until my sunset's gone
Come on the ride
Feel the anger coming on strong
Come on the ride
I won't stop, I won't drop

Come on the ride

I won't drop, I won't stop
Come on the ride
I won't stop, I won't stop!

Ride away into the shadows
