Heaven

Warrant

Got a picture of your house And you're standing by the door It's black and white and faded And it's looking pretty worn

See the factory that I worked Silhouetted in the back The memories are gray But man, they're really coming back

I don't need to be the king of the world As long as, I'm the hero of this little girl

Heaven, isn't too far away Closer to it every day No matter what your friends might say

How I love the way you move And the sparkle in your eyes There's a color deep inside them Like a blue suburban sky

When I come home late at night And you're in bed asleep I wrap my arms around you So I can feel you breathe

I don't need to be a superman As long as, you will always be my biggest fan

Heaven, isn't too far away Closer to it every day No matter what your friends might say We'll find our way, yeah

Now the lights are going out Along the boulevard The memories come rushing back And it makes it pretty hard

I've got nowhere left to go And no one really cares I don't know what to do But I'm never giving up on you

Heaven, isn't too far away Closer to it every day No matter what your friends say I know we're gonna find a way

Heaven Oh, oh, oh, oh Heaven Oh, oh, oh, oh Heaven It's not too far away, oh, oh Oh, oh, oh, yeah
