

Song and Dance Man

Warrant

Last night I felt a wind of change blow through me
It spoke of a million things before I die I should see
Open up your eyes life is poetry in motion
Ride the open sky

I'll be okay as soon as I'm on my way
I am a song and dance man
Yes, I am a song and dance man

Woman, oh woman sometimes I hear your voice
Calls out to me makes my heart bleed
Haven't got any choice I've opened up my eyes
Life is poetry in motion, ride the open sky

I'll be okay as soon as I'm on my way
I am a song and dance man
Oh Lord, I am a song and dance man, yeah

Tokyo has rolling thunder
Beautiful women and warm summer rain
Honolulu has starts of fire
Words alone cannot explain
Open up your eyes
Spread your wings and fly

Oh Lord, I am a song and dance man
Oh Lord, I am a song and dance man
That's what I am a song and dance man
Life is paired between my and her song
