

## Vertigo

### Warrant

My head is floating in the clouds  
My feet are in the ocean  
My body is earth bound  
My mind is an explosion

Right on time with that line  
I'm a kite up in the sky  
I don't want to wonder why  
Don't stray to far away  
I want to feel like this forever  
Vertigo

My soul has caught the perfect wave  
My spirit is my lover  
I hope it rains for forty days  
I will walk across the water
