Ooooooooooooooooooh  
I like them girls with the tight black skin, dark and fine  
Thats the kind of girl I wanna play with tonight  
I wanna do some nasty thangs, wanna make her scream my name  
I like the girls that don't say, "what?," know that she fine  
Always knows her line, because she knows she's a dime  
Put her on platinum chains, got her own cash and things  
I like them girls, their sassy ways, sassy ways  
Oh I like them girls, man I could stay there for days  
Ooooooooooooooooooh

Why you so cute, why you so big  
Why you bullshittin', come and deal with a pimp  
Put your bags in the trunk, holla at your boy  
You can spend the night, we at the Elroy  
Doing things that we shouldn't, couldn't  
Girl you got that good chocolate pudding  
The best in hood, whats goodin'  
She got the wizard of west wood, like old John Wooding  
But how could I need that  
I'm looking for feedback, because I can't believe that  
I fell into a little tree sap  
I got a woman at home, ain't fell in love where the weeds at  
Started off with a dime, but by the time I was thug  
She was less than a duece, I'm telling the truth  
Confessing with you, I'm just messing with you  
Because on the real baby girl, you put in the S in Snoop

See I rock baby, nonstop baby

I'm trying to get my money right  
So you could kick it with baby, but get your mind right
