

Jungle Work

Warren Zevon

Lear jet S.W.A.T team
On a midnight run
With the M16
And the Ingram gun
We parachute in
We parachute out
"Death from above"
We're screaming now

Where the pay is good
And the risk is high
It's understood
We'll do or die
Sten gun in hand
Where the gun is law
From Ovamboland
To Nicaragua

Strength and muscle and jungle work

Three young men
In a Russian truck
With a little MAC-10
Sent 'em running to the huts
These few young men
The few who dare
To battle in hell
Le Mercenaire!

Strength and muscle and jungle work
