

## Jungle Work

Warren Zevon

Lear jet S.W.A.T team  
On a midnight run  
With the M16  
And the Ingram gun  
We parachute in  
We parachute out  
"Death from above"  
We're screaming now

Where the pay is good  
And the risk is high  
It's understood  
We'll do or die  
Sten gun in hand  
Where the gun is law  
From Ovamboland  
To Nicaragua

Strength and muscle and jungle work

Three young men  
In a Russian truck  
With a little MAC-10  
Sent 'em running to the huts  
These few young men  
The few who dare  
To battle in hell  
Le Mercenaire!

Strength and muscle and jungle work
