

Suzie Lightning

Warren Zevon

She only sleeps on planes
She's tired of going nowhere
She's in Yugoslavia
Working in a miniseries

Suzie Lightning
I built a world for her
Suzie lightning
I need a girl from earth

She's in Hungary
She sends post cards home
Does she think of me?
I'm in Hollywood

Suzie Lightning
Takes no prisoners
Suzie Lightning

No use crying about it
No use trying to hold on
She lights up the sky
Then she's gone

She don't have time for love
She don't need me now
Can't she see I'm burning up
Burning down, burning out

Suzie Lightning
I built a world for her
Suzie Lightning
I need a girl from earth
