

## Blown Away

Warrior Soul

The cash flows out The drugsroll in  
The nation rage While the children sin

Officials addicted to dough The bankers grin  
But we all know They can't stop it  
'Cause they're linin' their pockets

We're blown away in the U.S.A.  
We're blown away every single day

They can't stop it 'Cause they are buyin'  
Their rockets

We're blown away in the U.S.A.  
Overseas They love our green  
Keep us happy With your little machines  
We live on credit We live on dope  
Ther's no promises When you're livin' on hope  
We're blown away in the U.S.A.  
We're blown away every single day  
Kiss the sunshine
