

## Easy Does It

## Washed Out

There's definitely some pressure  
And stress in my life  
Ah, with trying to balance  
So many different activities and everything

Kinda, sometimes I just need  
To step back from it  
Um, and sit down and think to myself  
"Ok, it's all gonna happen  
It's gonna be ok  
You just have to take it as it comes  
And roll with the punches"
