

# Glory Baby

Watermark

Glory baby, you slipped away  
As fast as we could say baby, baby  
You were growing, what happened dear  
You disappeared on us baby, baby

Heaven will hold you before we do  
Heaven will keep you safe  
Until we're home with you  
Until we're home with you

We miss you everyday, miss you in every way  
But we know there's a day when we will hold you, we will hold you  
And you'll kiss our tears away, when we're home to stay  
We can't wait for the day when we will see you, we will see you  
But baby let sweet Jesus hold you, until mom and dad can hold you  
You'll just have heaven before we do  
You'll just have heaven before we do  
Before we do

Sweet little baby, it's hard to understand it  
'Cause we are hurting, we are hurting  
But there is healing, and we know we're stronger people  
Through the growing, and in knowing

All things work together for our good  
And God works his purposes  
Just like he said he would  
Just like he said he would

We miss you everyday, miss you in every way  
But we know there's a day when we will hold you, we will hold you  
And you'll kiss our tears away, when we're home to stay  
We can't wait for the day when we will see you, we will see you  
But baby let sweet Jesus hold you, until mom and dad can hold you  
You'll just have heaven before we do  
You'll just have heaven before we do

I can't imagine heaven's lullabies  
And what they must sound like  
But I will rest in knowing  
Heaven is your home  
And it's all you'll ever know  
All you'll ever know

We miss you everyday, miss you in every way  
But we know there's a day when we will hold you, we will hold you  
And you'll kiss our tears away, when we're home to stay  
We can't wait for the day when we will see you, we will see you  
But baby let sweet Jesus hold you, until mom and dad can hold you  
You'll just have heaven before we do  
You'll just have heaven before we do  
Yeah, you'll just have heaven before we do  
Before we do
