

What a beautiful sexy night  
What a shame someone would try and mess this up right now  
Look around, I mean I'm hearing everything you are saying  
But honestly, I don't give a fuck dude!

Let me tell you about my GPA, four-  
O, straight A's and my (I don't give a fuck!)  
Let me tell you bout my resume. It's so cray, It's insane and my (I don't give a fuck!)  
And my boyfriend, he's so hot, and the car that he bought me is just too (I don't give a fuck!)  
And my "ooh-la-la", my "blah, blah, blah" and (I don't give a fuck!)

Cause I'm a bachelor  
So Fuck attachin a  
Label to life we're living and imagine a  
Future where we won't be living in the past  
I'll be flipping birds like a chicken breast on a spatula  
So if you're bragging then you can forget it  
And if it thunders and if it rains and pours, let it  
And in the morning then it'll hit you that George said it  
They gave him a fuck, he returned it for store credit  
But don't be sore yet  
If you got a score, settle it  
Cause it's more pleasure with  
Fun before etiquette  
Get up on the table and pour your drinks  
Get it, but  
Don't be boneheaded  
It's for your own benefit  
I'll be getting open and seeking my seventh heaven irreverent,  
while you be seeking a reverend or Pope Benedict  
You got a stick where the sun don't shine?  
Well that's fine  
But remember that

'Let me tell you about my GPA, four-  
O, straight A's and my (I don't give a fuck!)  
Let me tell you bout my resume. It's so cray, It's insane and my (I don't give a fuck!)  
And my boyfriend, he's so hot, and the car that he bought me is just too (I don't give a fuck!)  
And my "ooh-la-la", my "blah, blah, blah" and (I don't give a fuck!)

All I wanna do is get my mind right  
If I'm looking at tomorrow check my eyesight  
All I'm gonna focus on is this fine night  
Cause all I know this life is finite  
Never Neverland isn't more than a legend  
and so I gotta be digging the present session and getting this  
Wedging myself up into the wettest crevices, effortless  
Grabbing a piece of the flesh, if you love it then why fight  
Some people slower than a nineties modem  
Wanna see the nips, it's a while to loadem  
If life is a woman she's got some epic titties  
and I wanna get up in it and live it and motorboatem  
Cause I wanna see the cool and the classy

And I wanna see the cruel and the nasty  
Cause if it's real shit  
Lemme feel it  
And if you can't deal  
I DON'T GIVE A FUCK!

Let me tell you 'bout my five year plan and my 401k and (I don't give a fuck

Let me tell you 'bout my workout set, P90X and my (I don't give a fuck!)
