

## Daydream

## Wave

Sunshine, strawberry wine  
a little taste of leather and lace  
colour blind its all in my mind  
temporary insanity  
when everything is wrong

It's a perfect day for feelin' this way  
it's a hell of a time  
for speaking your mind  
when nothing is as it seems  
daydream

Candy, sweet as can be  
im so tall ill crush em all  
higher, flying away  
wave goodbye to yesterday  
when everything is wrond

It's a perfect day for feelin' this way  
it's a hell of a time  
for speaking your mind  
when nothing is as it seems  
daydream

For so long  
I've been tired of the things I do  
for so long  
all this weight up on my shoulders  
for so long  
ive been tired of the things I do  
for so long, so long

Sunshine, strawberry wine  
a little taste of leather and lace  
colour blind  
it's all in my mind  
temporary insanity  
it's a perfect day for feeling this way  
it's a hell of a time  
for speaking your mind  
when nothing is at it seems

It's a perfect day for feeling this way  
its a hell of a time  
for speaking your mind  
when nothing is as it seems  
daydream
