

It's A Drag

Wave

I never understood
I thought we had it good
I never realized
baby what a big surprise
it was just too quick for me
as I watched you leave

It's a drag to have a broken heart
if I cant hang around with you
than thats the hardest part
and I really wanna say
that I hate to feeling this way
its a drag
to have a broken heart

Everybody knows
how the story goes
you were letting go
why was I the last to know
then it hit me suddenly
as I watched you leave

It's a drag to have a broken heart
if I cant hang around with you
than thats the hardest part
and I really wanna say
that I hate to feeling this way
its a drag
to have a broken heart

Its just hard letting go
dont say I told you so
maybe somewhere down the road
down the road

It's a drag to have a broken heart
if I cant hang around with you
than thats the hardest part
and I really wanna say
that I hate to feeling this way
its a drag
to have a broken heart
