

# Midnight Driving

Wave

I saw you with somebody new  
Brought back those memories of all we went through  
It seems so crazy after all this time  
I still think about you  
You're still on my mind  
So what's the deal what's going on?  
Thought all these feelings I had were all gone  
And now I see you walk on by  
Without a look, or a simple smile  
Oh well, guess it's been a while

Hey baby, couldn't stop it from falling apart  
Didn't think it would be so hard  
Should have known it right from the start  
Hey baby, where did the good times go?  
Midnight driving down the coast  
Watching the ocean flow

I know that all of this is in the past  
I know we said that forever we'd last  
All of those promises have come and gone  
It's hard to know what went wrong  
Oh well, better be moving on

Hey baby, couldn't stop it from falling apart  
Didn't think it would be so hard  
Should have known it right from the start  
Hey baby, where did the good times go?  
Midnight driving down the coast  
Watching the ocean flow
