

State Of Mind

Wave

I woke up from a dream last night
I was dancin' in the shadows
Blinded by the moonlight shinin' in my eyes

I don't ever wanna leave
I wanna stay until forever
I just can't believe, oh

It's a state of mind, I'm a step behind but
I'm catchin' up to you
It's a state of love that I'm thinkin' of but
I'm catchin' up to you

It's a state of mind, I'm a step behind but
I'm catchin' up to you
And it makes me feel so high
I'll just spread my wings and fly

California afternoon
Starin' at the ocean
Reflections of sunlight through your blond hair

I don't ever wanna be
Anywhere but right here
Baby, I just feel so free, oh oh

It's a state of mind, I'm a step behind but
I'm catchin' up to you
It's a state of love that I'm thinkin' of but
I'm catchin' up to you

It's a state of mind, I'm a step behind but
I'm catchin' up to you
And it makes me feel so high
I'll just spread my wings and fly

Fly so high
I never wanna come back down, oh no
Let's just fly

I woke up from a dream last night
I was dancin' in the shadows
Blinded by the moonlight, shinin' in my eyes

I don't ever wanna leave
I wanna stay until forever
Oh baby, won't you stay with me, oh yeah?

It's a state of mind, I'm a step behind but
I'm catchin' up to you
It's a state of love that I'm thinkin' of but
I'm catchin' up to you

It's a state of mind, I'm a step behind but
I'm catchin' up to you
And it makes me feel so high

It's a state of mind, I'm a step behind but
I'm catchin' up to you
It's a state of love that I'm thinkin' of but
I'm catchin' up to you

It's a state of mind, I'm a step behind but
I'm catchin' up to you
And it makes me feel so high
And it makes me feel so high

But it makes me feel so high
I'll just spread my wings and fly
