

# How Have We Come This Far

Wavorly

In the beginning when all this was something new  
I was younger  
They say when you're older you have it figured out  
Did I take it for granted?  
How do you see right through my falters?

Turning around was never so hard  
Until I found us far apart  
Turning it over I'm left to wonder  
How've we come this far  
Now, how've we come this far?

Hands that are reaching  
To a world that's turned away from You  
Truth that is sobering  
Your love will never cease finding the lost ones  
Letting go of all my pain

Falling down is oh, so hard  
I am torn, I am bruised  
Finding grace in every scar  
I am whole, I am new
