Bug

Wavves

You're such a bug to me man
You're such a drag on everyone
You're such a burnt out zombie
You always suck out all the fun

You're no fun
You're no fun
You're no fun
You're just dumb
You're no fun

You're always crashing parties
You're always crashing someone's car
You're always crashing at the new girls couch
Until she finds out who you are

You're no fun
You're no fun
You're no fun
You're just dumb
You're no fun

No you'll never get it all
Not in this world
See the writing on the wall
You're no fun
