Cop

Wavves

What did John just say, he killed a cop?
Sit back and relax, John
Just go home and quickly wash your hands
Lay back in my arms

Oh no, what did you do?
It's just something between me and you
You fuss and fight, but what do we get?

What did John just say, he killed a cop?
Sit back and relax, John
Just go home and quickly wash your hands
Lay back in my arms

What did John just say, he killed a cop?
Sit back and relax, John
Just go home and quickly wash your hands
Lay back in my arms
