Everything Is My Fault

Wavves

```
Everything is my fault
Everything is my fault
Everything is my fault
Everything is my fault
Thing is my fault
Thing is my fault
Thing is my fault

I lunged at it all
Evil thought Then laughed it off
In the house where I grew up
Santa burned the trash This is all
Every little thing is my fault
Every little thing is my fault
Everything is my fault
Everything is my fault
Everything is my fault
Everything is my fault
Everything is my fault
```
