

# Green Eyes

Wavves

Green eyes, I'd run away with you  
Green eyes, 'cause I'm a fool  
I try running away

I'm just not fast enough  
I'm just not fast enough

My, my own friends  
Hate my guts  
So what? Who gives a fuck?

Green eyes, I'd run away with you  
Green eyes, 'cause I'm a fool  
I try staying awake

I'm just not man enough  
I'm just not man enough

My, my own friends  
Hate me  
But I don't give a shit  
Sky high  
Will I fly high? Maybe  
Soar high, soar right through it

Green eyes, I'd run away with you  
Green eyes, 'cause I'm a fool  
I try running away

I'm just not fast enough  
I'm just not man enough

I would try and understand  
I would try and understand  
That I'm to blame  
'Cause I'm so lame

I'm just not man enough  
I'm just not man enough

My, my own friends  
Hate me  
But I don't give a shit  
Fly high  
Will I fly high? Maybe  
Soar high, soar right through it
