Green Eyes

Green eyes, I'd run away with you Green eyes, 'cause I'm a fool I try running away

I'm just not fast enough I'm just not fast enough

My, my own friends Hate my guts So what? Who gives a fuck?

Green eyes, I'd run away with you Green eyes, 'cause I'm a fool I try staying awake

I'm just not man enough I'm just not man enough

My, my own friends Hate me But I don't give a shit Sky high Will I fly high? Maybe Soar high, soar right through it

Green eyes, I'd run away with you Green eyes, 'cause I'm a fool I try running away

I'm just not fast enough I'm just not man enough

I would try and understand I would try and understand That I'm to blame 'Cause I'm so lame

I'm just not man enough I'm just not man enough

My, my own friends Hate me But I don't give a shit Fly high Will I fly high? Maybe Soar high, soar right through it
