

King Of The Beach

Wavves

Let the sun burn my eyes
Let it burn my back
Let it sear through my tights
I'll feel wide wide open

Let the sun burn my eyes
Let it burn my back
At the beach
In my dreams
But you still

You're never gonna stop me
You're never gonna stop me
You're never gonna stop me
You're never gonna stop me

King of the beach
King of the beach

Let the sun burn my eyes
Let it burn my back
Let it burn through my tights
I'll feel wide wide open

At the beach wide wide open
At the beach
In my dreams
But you still

You're never gonna stop me
You're never gonna stop me
You're never gonna stop me
You're never gonna stop me

King of the beach

Never gonna stop me
You're never gonna stop me
You're never gonna stop me
You're never gonna stop me

King of the beach
King of the beach
King of the beach
King of the beach
King of the beach
