King Of The Beach

Let the sun burn my eyes Let it burn my back Let it sear through my tights I'll feel wide wide open

Let the sun burn my eyes Let it burn my back At the beach In my dreams But you still

You're never gonna stop me You're never gonna stop me You're never gonna stop me You're never gonna stop me

King of the beach King of the beach

Let the sun burn my eyes Let it burn my back Let it burn through my tights I'll feel wide wide open

At the beach wide wide open At the beach In my dreams But you still

You're never gonna stop me You're never gonna stop me You're never gonna stop me You're never gonna stop me

King of the beach

Never gonna stop me You're never gonna stop me You're never gonna stop me You're never gonna stop me

King of the beach King of the beach King of the beach King of the beach King of the beach
