

Lunge Forward

Wavves

I wake up and stretch my arms
You're fucking boring
It doesn't mean a thing to me
Still asleep inside my head, I'm fucking snoring
It doesn't mean a thing to me
None of you will ever understand me
None of you will ever descend (lunge forward).

My brain turning inside out
My head spinning upside down
What's worse
I can't seem to get enough
I blink and it's all fucked up
None of you will ever understand.

Once more my brain turned inside out
My head spinning upside down
What's worse
I can't seem to get enough
I blink and it's all fucked up
None of you will ever understand me
None of you will ever understand.

I hope he kills us all
Kills us all
I hope he kills us all
Kills us all
I hope he kills us all
Kills us all
I hope he kills us all
Kills us all
