

Nine Is God

Wavves

A bullet in his head,
Finally
Picking through the lead, who knows
Anxiety
So one more in his eye, and now
I can breathe
Just push him off the ledge.

One is none,
Nine is two,
Holy God and holy truth.
Nine is God,
Nine to come,
Nine to breathe inside your lungs.

One is none,
Nine is two,
Holy God and holy youth.
Nine is God,
Nine to come,
Nine to feel.

A bullet in my head,
Finally
Picking through the lead, who knew
It's inside of me
So one more in my eye, and now
I can see
Just push me off the ledge.

One is none,
Nine is two,
Holy God and holy truth.
Nine is God,
Nine to come,
Nine to breathe inside your lungs.

One is none,
Nine is two,
Holy God and holy you.
Nine is God,
Nine to come,
Nine to breathe inside your lungs.
