

Poor Lenore

Wavves

The world's a liar
Foolish of me
Misfortune fires
I'll only bleed another burden
Another memory
Just keep my mouth shut
I won't say a thing for my

Poor Lenore
It faults and falls down
Devil in me
An easy rider
Sharp young athlete
Another burden
Another memory
Just keep my mouth shut
I won't say a thing for my

Poor Lenore
Night terrors won't leave me alone

They won't leave me alone
Although I'd love to walk you home
They won't leave me alone
