

## Super Soaker

## Wavves

The day's done  
She won't listen  
She won't listen  
My head's numb  
And I can't hear her  
Any clearer

Cruise  
My alien  
He's still missing  
He's still missing  
My brain's numb  
And I can't hear ya  
Any clearer

Cruise  
Wipe all the sweat from my eyes  
And hide from the ocean!  
Waves crush my flesh and skull;  
But I still feel stupid...stupid...stupid...  
Stupid!  
Stupid!  
Stupid!  
Stupid!
