

Bodies flow  
Down the riverside  
No one knows  
Where to hide

Can you hear me?  
Can you hear me?  
Can you hear me?  
Can you hear me?

Bodies flow  
Down the riverside  
No one knows  
Where to hide

Can you hear me?  
Can you hear me?  
Can you hear me?  
Can you hear me?

Sittin' with the vermin  
Just like you  
Cause I'll burn down the town  
And I'll just leave you

And I seen a scene, I seen a scene  
On the T.V. screen  
There's a plane coming down  
And I'm leaving you
