

Vermin

Wavves

Bodies flow
Down the riverside
No one knows
Where to hide

Can you hear me?
Can you hear me?
Can you hear me?
Can you hear me?

Bodies flow
Down the riverside
No one knows
Where to hide

Can you hear me?
Can you hear me?
Can you hear me?
Can you hear me?

Sittin' with the vermin
Just like you
Cause I'll burn down the town
And I'll just leave you

And I seen a scene, I seen a scene
On the T.V. screen
There's a plane coming down
And I'm leaving you
