

# Dispensary Girl

Wax

[Hook:]

Oh, oh-oh-oh  
I think I'm in love again  
Oh, oh-OH-oh  
She gives me my medicine and we, was meant to be  
She works at the dispensary, and every time I  
See her she gets me oh so high!

[Verse 1:]

Yo  
I had a really bad day  
It was a downer  
I walk into the place hoping my girl's behind the counter  
When they buzz me in  
I got my finger's crossed  
I smell kush in the air and heard  
Some weird music like Sigur Rós  
I'm flabbergasted when I entered the spot  
Cause I seen my girl before and she was never this hot  
And I know I'm gonna spend a lot of time picking weed up today!

She got me singing like...

[Hook]

[Verse 2:]

Yo  
She got a smile so healthy  
Attitude: mellow  
No need to sell me  
She had me at "Hello"  
With the little black dress on, her skin just glows  
Jamaican flag rings on her index toes  
When it comes to weed knowledge, she's kind of a diva  
Well-versed in the new kind of sativa  
I'm a believer  
She THC to my mind everytime I see her!  
I be screamin'...

[Hook]

[Bridge:]

There couldn't be a better day  
To pick up an eighth  
It gets me so high looking at your pretty face  
I wish you would say, you want to be mine

[Verse 3:]

Ayo, She so positive  
Always in a fun mood  
Ass kinda thick  
She probably eats a lot of junk food  
I ain't just some dude  
I'm that one dude you been looking for  
You ain't gotta look no more  
We can get high, lay around and cook some smores  
To describe... you, I'd need a good Thesaurus

Because there ain't enough words I've learned thus far  
To tell you how beautiful you are  
Girl, you got me like...

[Hook:]  
Oh, oh-oh-oh  
I think I'm in love again  
Oh, oh-OH-oh  
She gives me my medicine and we, was meant to be  
She works at the dispensary, and every time I  
See her she gets me oh so high!

[Ad libs:]  
Girl  
You look so good to me  
And everytime I be in the  
Di-spen-sa-ry  
You got me going crazy  
You look... so nice...  
I wanna eat you up  
Like a bowl of rice...
