

# Too Loud

Wax

[Hook:]

Yeah, we too louuud  
The police say we way to louuud  
And all the neighbors say we way to louuud  
That's why they trying to get my ass thrown out  
But we don't turn it down, we just crank it up  
Standing on the roof screaming we don't give a fuck  
We like this shit loud, we let it bump  
So if you turn it down you gonna get fucked up

[Verse 1:]

Yo, I put my speakers to 11 and I set em and forget em'  
Fuck the neighbors I ain't like em since the first time that I met em'  
And I think I upset em' when I first pulled up  
In the U-Haul truck, with the vol-ume all up  
That same night they seen me chillin' on my roof all drunk  
Urinatin' in the chimney, Santa Clause forgive me  
My whole team's straight loud and obnoxious  
Cops is at the door at 4 tryin' to stop us  
You'd think we was holding you hostage  
Over-weight rock chicks, in the kitchen starting up mosh pits  
No Shake Weights, them hoes just break plates  
Cooking like 8 steaks, looking like Kathy Bates  
Fuck the pretty shit, we a bunch of idiots  
The decibel level go-en make the whole city bitch  
I party like I'm filthy rich  
And if I spend it all tonight I won't feel no guiltiness

[Hook]

[Verse 2:]

(Prrrrr)

Suffering Succotash, Wax gotta bunch of cash  
Now I'm the sucker ass, fuckers in the upper class  
Driving by me in a 350 Benz  
I'd be in the the front yard in a drunk circle with my hicky friends  
We coming one with the Earth  
That marijuana nirvana man I've been grungy since birth  
All that money is worthless if you ain't gonna spend it now  
And you ain't said shit if you unless you said it louuud  
I live fast like the the freaking hare  
I ain't die young yet but I think I'm getting there  
Like up in the diction-air-e, by the word rowdy  
You gonna see my picture there, chillin' proud-ly  
Say it loud like a proud James Brown  
Or the Price Is Right announcer when a member of the crowd came down  
He got that loud insane sound  
If you feelin' like I'm feelin' sing it loud right noooow

[Hook]

[Verse 3:]

If you rollin' down the street and you wylin' out to this beat  
And you got that shit on repeat immediately you should (TURN IT UP)  
If your significant other is bitchin' cause you're always listenin' to your  
heavy metal too loud (TURN IT UP)  
If you're a musician and you listenin' to yo own shit be proud and play it 1
