

# Anything but You

Way Out West

Anything but you  
Just won't do  
I could carry on forever  
Until I find the truth  
Anything but you  
Just won't do  
I could carry on forever

When my heart stands still for a reason  
I'm in love with you  
When my heart stands still for a reason  
There's nothing that I cannot do  
And my breathing follows you  
In my mind my actions too  
And in every thing I do  
And my heart stands still  
And my heart stands still for you

Anything but you  
Just won't do  
I could carry on forever  
Until I find the truth  
Anything but you  
Just won't do  
I could carry on forever

To dream  
In a worn out world  
In a plastic world  
Is to win  
To dream  
In a sought out world  
In a broken world  
Is to begin (4x)

Anything but you  
Just won't do  
I could carry on forever  
Until I find the truth  
Anything but you  
Just won't do  
I could carry on forever

Anything but you  
Just won't do  
I could carry on forever  
Until I find the truth  
Anything but you  
Just won't do  
I could carry on forever
