

## Breaking The Ascendence

WAYD

i´m breaking the ascendence  
as you go as you try to say my name  
i´m crawling out of my hell  
as i rise above my pain

it´s the same as always  
where there´s nothing to lose  
you put yourself into things  
but itæ just half of you

unable to transcend  
or touch the other side  
you´re prisoner of your own  
of your own vicious lies

tearin´ apart the chains that bound me  
i rediscover the darker side needin´ light  
i can feel the scent inside of me  
flyin´high within, high on my strongest vibe

unable.....

i´m breaking....
