

## Born to the Fight

Waylander

Blooded to the battle  
Born to the fight  
Sowed in the soul  
Thrill of the fight  
Taking no prisoners  
To die for a cause  
Honour and glory  
To win without loss

Prowess and power  
Stealth and speed  
Practice of combat  
Take pain without heed  
Boundless endurance  
Man without peer  
Natural instincts  
Stay alive through it all

The world was young  
The laws were true  
To kill or be killed  
These men were proud  
And true to their word  
Not modern day cowards  
Who kill in cold blood.
