

Angel Eyes

Waylon Jennings

Angel eyes, angel eyes
The ways of the world are feeble
Don't give up on simple people
Angle eyes, stardust nights
The blues you can't live without
It's not what you song's about.

Angel eyes, angel eyes
Tell me what would we do
Without the light from angel eyes?

You can move the hearts of men
With just a phrase you're turnin'
Since hearts ever have to burnin'
Burn with us, burn so long
Thin lines you've been living on
It's so close to the danger zone.

Angel eyes, angel eyes
Tell me what would we do
Without no light from angel eyes?
